

Marinello
TENDE
dal 1979

RESPONSIBILITY

“Our ongoing commitment
is and always will be to combine

- passion
- experience
- technology

in order to **make products**
for sun protection:

**AESTHETICS, SOLIDS,
RELIABLES, EASY TO INSTALL
AND MAINTENANCE.”**

KNOWLEDGE

“Our company is first and foremost a **group of people**, but also a **team of professionals** who collaborate and confront each other in symbiosis by combining everyone’s skills **to meet customers’ needs**: skills gained in **more than 45 years of business** and **constantly evolving**.”

SUPPORT

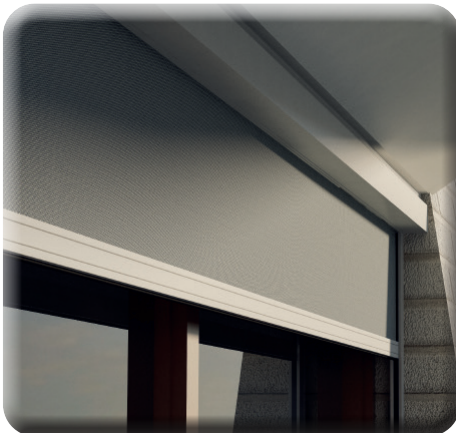

“Being a Marinello Tende customer means being **followed step-by-step** at all stages of the order: **technical advice** during the quotation phase and **constant assistance** in the after-sales phase”

OUR PRODUCTS

Marinello
TENDE
dal 1979

“We produce high-quality **outdoor and indoor roller blinds and mosquito nets**, with special **attention to the materials used**, which are rigorously chosen with the aim of resisting wear and tear while providing **optimal aesthetic performance**.

All exterior (visible) and interior (non-visible) components are made down to the smallest detail so as **to make installation and any future maintenance easy**”

OUR SERVICES

“Following a circular view of **real sustainability** we are of the idea that, where it makes sense to do so, the ‘life’ of an object should be extended as much as possible: one of our mottos is ‘**repair is better than replace**’ and that is why we offer **extensive repair or replacement services** for worn parts of various products.”

OUR CUSTOMER SERVICE

ON-LINE ORDER FORMS

Thanks to our step-by-step procedure, placing an order through our site is quick and easy.

Simply fill in the provided fields and submit your request to our team.

COMPLETE PRICE LIST

Through an easy-to-read table system, the price list provides our customers with all the necessary information about prices and products.

15 WORKING DAYS FOR PRODUCING

We have an average production time of fifteen working days, estimated based on orders with components and colors already in stock.

EFFECTIVE DELIVERY

Our products are shipped via proven couriers in order to avoid any inconvenience.

TECHNICAL SUPPORT

Marinello Tende employs the support of three engineers to identify suitable specifications for each particular project, both technically and aesthetically.

SALES SUPPORT TOOLS

We provide all our dealers with a binder of data sheets and fabrics, an indispensable support in sales activities.

WEB SITE

Through our site, dealers have the opportunity at any time to consult or download data sheets and marketing materials.

EXTRA DISCOUNT FOR SAMPLING

We give our customers the opportunity to request custom-made samples at a reduced price.
